

ADMIRALTY SYLLABUS

**PROFESSOR RAYMOND L. BRITTON
FALL 2013
MONDAY AND WEDNESDAY
6:00 - 7:30 P.M.**

INFORMAL CLASSROOM SETTING

The class will be conducted in an informal setting similar to a seminar approach. All questions are encouraged.

ATTENDANCE

Attendance sheets will be taken at each class period. You must meet the minimum attendance requirements in order to remain in the class and receive a grade.

SEATING CHART

Add your name to the seating chart and please adhere to selection. Make no changes until we discuss the need for your request.

CLASS PARTICIPATION

You are responsible for two dates to present the assigned readings for that day. Participation is important, as it may be a grade weight factor. On your participation date you will be relied on to present if no other students participate. A sign-up sheet will be passed around for class participation dates.

ASSIGNED READINGS

I try to cover 20 pages per class depending on the content to be covered. The following syllabus is a guide to the readings I would like to cover in each class; however some changes may be made throughout the semester. Try to stay at least 20 pages ahead of where we stopped the previous day.
