

**SECURED FINANCING -- INITIAL ASSIGNMENT
(Spring 2018)**

PROFESSOR MOLL

Class syllabus: Will be emailed out on the first day of class.

For the first class: Lopucki and Warren xxxi - xxxvii; 3 - 21. ***Be sure to work the problems on pages 19 – 21 (you may skip problem 1.6).*** We will discuss them during the first two class sessions.

During the first class, I will need to call on students for assistance with the problems. Thus, I expect you to make a good-faith attempt to answer the problems ***before class*** such that you can contribute to a productive (and efficient) class discussion.

Note: For the following class, we will finish the problems in assignment 1 and move on to assignment 2. (You are responsible for reading all of assignment 2, but you only need to work problem 2.1.) We might start assignment 3, and you are only responsible for problems 3.1, 3.5, and 3.6 in that assignment.
