AN ACT
relating to permitting of greenhouse gas emissions by the Texas
Commission on Environmental Quality; limiting the amount of a fee.
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. The legislature finds that in the interest of the
continued vitality and economic prosperity of this state, the Texas
Commission on Environmental Quality, because of its technical
expertise and experience in processing air quality permit
applications, is the preferred permitting authority for emissions

(5) perfluorocarbons; and
(6) sulfur hexafluoride.

(b) To the extent that greenhouse gas emissions require
authorization under federal law, the commission may authorize
greenhouse gas emissions in a manner consistent with Section
The commission shall:

(1) adopt rules to implement this section, including rules specifying the procedures to transition to review by the commission any applications pending with the United States Environmental Protection Agency for approval under 40 C.F.R. Section 52.2305; and

(2) prepare and submit appropriate federal program revisions to the United States Environmental Protection Agency for approval.

The permit processes authorized by this section are not subject to the requirements relating to a contested case hearing under this chapter, Chapter 5, Water Code, or Subchapters C-G, Chapter 2001, Government Code.

If authorization to emit greenhouse gas emissions is no longer required under federal law, the commission shall:

SECTION 3. Section 382.0621, Health and Safety Code, is amended by adding Subsection (f) to read as follows:

(f) The commission may impose fees for emissions of greenhouse gas only to the extent the fees are necessary to cover the commission's additional reasonably necessary direct costs of implementing Section 382.05102.

SECTION 4. This Act takes effect immediately if it receives

1 a vote of two-thirds of all the members elected to each house, as
