**SYLLABUS**

Office Hours: Monday, Wednesday, 12:00 p.m. – 1:00 p.m. (in office) and by appointment.

**TEXTS**

1. PROBLEMS IN CONTRACT LAW: CASES AND MATERIALS (8TH ED.) by Knapp, Crystal and Prince.
2. The second text is a companion text to the casebook that includes sections of the Restatement of Contracts 2d, the Convention on Contracts for the International Sale of Goods (the CISG), and the Uniform Commercial Code (the UCC). The UCC is state legislation, drawn up by a team of scholars and experts, and adopted, at least partially, by every state's legislature. In this sense, it is "national" -- although it is not federal legislation. Conversely, the Restatement is not legislation at all; it is a compilation of generally accepted contract principles. Although not "law" in the sense of legislation, it can be very persuasive with judges and, as you will see as you read the cases, it is frequently cited in judicial opinions.

**CLASS PARTICIPATION AND ATTENDANCE**

Attendance: The Law Center Student Handbook reads in part: "The Law Center has a minimum 80% attendance policy for students. Any student who attends fewer than the minimum percentage of classes may be dropped automatically from the class. Faculty members are free to impose stricter attendance standards. Faculty members may consider those who come in late or leave early as absent, or may decline to let a late student attend that day."

You must come to class unless you have a legitimate reason for not doing so. Illness is a legitimate reason. Out of consideration for your colleagues, do not come to class if you are ill. I will keep track of attendance and I expect you to do the same. Absences in violation of law center policy may be sanctioned by a reduction in the final grade or, in egregious cases, by involuntary withdrawal from the class.

Participation: I expect everyone to have read and thought about the problems and the cases and other readings assigned for each day's class. This is for your benefit, as learning is not a passive endeavor. It is also for my benefit, so that I can see how you're thinking about the class, and to know where I've been unclear in my presentation.

Illness or other issues: If you miss class due to illness or for any other reason, please get notes from your colleagues. If someone asks you for notes for a missed day of class, I expect you to do the human thing and share with them the notes for that day. This is different than being asked for your notes for every day, of the course. You may also discuss what you missed with me, but please do so as soon as possible after you have returned from your illness (but not while you are contagious).

## EXAMS AND GRADING

I will give a practice exam toward the midpoint of the course. It will be ungraded, but we will go over the exam in class.

There will be one final exam. Your exam will be comprehensive, 24-Hour take home. You will be allowed to bring to the exam whatever (inanimate) objects bring you comfort, except (i) those prohibited by law and University Policy; (ii) commercial outlines, and; (iii) outlines created by other students (apart from any group outlines created by students consisting entirely of members of this course). More information on the final exam will be provided before the exam period.

## THE COMPLETE LIST OF MANDATORY AND RECOMMENDED SYLLABUS LANGUAGE

The University of Houston or other regulators require the following language. To the extent that the University changes any language after this syllabus was drafted and required to be submitted, the University's new language governs and not that contained in the syllabus. Should this syllabus fail to include mandatory syllabus language the University requires, that language still applies to the course even if it is not expressly provided in this syllabus. **As the University requires my syllabus many months in advance of the course commencing yet frequently mandates updates days before the semester commences, you should check the posted online syllabus for such changes at the beginning of the semester.**

### **ABA Mandatory Syllabus Language**

Learning Outcomes: Through and as a result of this course, students will: (1) demonstrate understanding of the tools of antitrust analysis (see course title); (2) demonstrate understanding of basic issues of antitrust law and regulation (see course title); (3) understand judicial review of antitrust enforcement (implied in course title but see course description) and (4) understand the economic implications of antitrust enforcement or lack of enforcement. One such example might be having an unregulated monopolist compel language in a syllabus.
