**GENERAL INFORMATION - COURSE COMPONENTS**

The course is designed for a live lecture/demonstration format. The class will be held as designed on campus. There will be no remote options.

1. LECTURE/DEMONSTRATION (Large Group Session)

All of the students will meet together each week in a large group for the lecture portion of the class, which will address a specific area or areas of trial skills that will be worked on in the following week's small groups. **The lecture will be held each Monday beginning at 8:00 pm, which is immediately following the Small Group Sessions, which begin at 6:00 p.m.**

2. PERFORMANCE (Small Group Session)

The primary course emphasis will be on you learning trial skills by assuming the role of trial counsel in assigned simulation problems. Students will be divided into small groups that will meet each week to work on the simulation problems. **All small groups meet on Mondays from 6:00 to 7:50 pm.** in designated classrooms. Students will report to the main classroom on the first day of class. The small group room assignments will be emailed to you following the initial class meeting.

You will represent either the plaintiff/prosecution or the defendant in the assigned problems for each week. Each week's assignment will depend on whether you have been designated an "A" or a "B". Your A/B assignment will be emailed to you following the initial class meeting.

During the Small Group Session, each student is expected to be prepared to perform as trial counsel regarding the assigned material. Each student should prepare the whole task (i.e., if the assignment is to direct a witness, the student must prepare the whole direct). The student will initially be asked to perform 5-7 minutes of the skill/activity, but a portion could be the beginning, middle, or end of the planned activity. After a critique, video review (see below), and time spent in the coaching session, each student will return to their breakout room for additional practice/discussion. Students who are not performing as trial counsel must be prepared to, and will act, as witnesses.

Students are required to wear courtroom attire unless otherwise noted on your schedule. Failure to wear courtroom attire will be reflected in the “professionalism” portion of your grade. No hats will be permitted.

### 3. VIDEO REVIEW/COACHING ROOM

Small Group performance as trial counsel will be videoed unless specifically noted on the schedule. You will be required to review your videoed performance with one of the adjuncts during the class session each week that video occurs (see assignment section for further information). You should also view the recorded performance on your own to assess areas on which you need to work. It can be accessed at any time.

After your initial Small Group performance, students will go to the William D. Wood Advocacy Atrium in class for video review. It is not graded and should be conducted by the first open adjunct available.

After the video review, all students will go to the “Coaches’ Room”. The location of the Coaches’ Room will be provided after the first day of class along with the other room assignments. Each student will be in the Coaches’ Room for 8 minutes and can use that time to ask the adjuncts assigned any question you have related to the class, the assignments, future activity, or being a trial lawyer in general. The format of the Coaches’ Room is left entirely up to the coaches. Sometimes it will be one-on-one. Other times, it will be similar to a panel discussion. Regardless of the format, use the coaching room to ask questions. This is your time. After the coaching room, return to your assigned breakout room.

### 4. TRIALS

**There will be two trials during the semester. The 1st is a non-graded Bench Trial and the 2nd is a full jury trial that will serve as a final exam. The Bench Trials will be held starting on Tuesday, OCTOBER 6, through Saturday, OCTOBER 17. The location can be agreed upon by the teams and the assigned judges. If the location agreed upon is on campus, please contact Professor Amy Hawk to determine if a room is available at your agreed time. We have designated OCTOBER 10 as the assigned date for this activity, but please understand that it can occur at any time and at any location agreed upon in between OCTOBER 6 and OCTOBER 17. There is potentially limited availability on Saturday, OCTOBER 10, at the school, which is why Professor Hawk must be consulted to reserve a room.**

**Final Jury Trials will be held Saturday, NOVEMBER 21, 2026, at the Harris County Civil Courthouse, starting at 8:30 am, to be concluded by 12:30 pm. It will be a full trial, which will include jurors. Please mark your calendars now! **Note: if you are not available on those dates, please notify Professor Daw [wbdaw@dawray.com](mailto:wbdaw@dawray.com) & Professor Barake [gbarake@jw.com](mailto:gbarake@jw.com) at the beginning of the semester via email only. In your email, please generally advise of the reason you are not available.** Please be advised that it is extremely difficult to reschedule the final as the courthouse is only available on the scheduled day and jurors are only available on the scheduled day.**

### 5. TRIAL OBSERVATION

You are required to observe a jury trial during the course of the semester. You are not required to see an entire trial. You must observe a minimum of 6 hours that includes two out of the

following: voir dire, opening statements, direct and cross of two witnesses, jury charge conference, or closing arguments. While you need not see all parts in one trial, you must see complete parts (i.e., you must see both the prosecutor's and defense counsel's opening statement or both the plaintiff and defense counsel's closing arguments).

You must submit a paper, not exceeding five pages. The paper should include the date and time of your observation(s), the court, the judge, the style of the case, a brief explanation of the case, and a critical description of what you observed, including your comments on what you thought the lawyers did that was effective and ineffective. The paper is to be submitted via email to Professor Daw [wbdaw@dawray.com](mailto:wbdaw@dawray.com), Priscilla Colburn [pcolburn@dawray.com](mailto:pcolburn@dawray.com), and Professor Gabriela Barake [gbarake@jw.com](mailto:gbarake@jw.com). **The observation must occur between AUGUST 25, 2026, and NOVEMBER 20, 2026. There will be no exceptions. Please do not ask to use a trial you observed prior to the start of class. The paper must be turned in by 5p.m., Friday, DECEMBER 4, 2026.** Trials may be announced periodically during the semester; however, that information is for your convenience. All students are required to independently identify trials to observe.

## 6. ATTENDANCE AND GRADING

Attendance at the Lecture/Demonstration and Small Group sessions is mandatory. There is no general attendance taken. Each week, your performance in the Small Groups is judged and graded. The failure of a grade will count as an absence. An unexcused absence will be marked as a "0" for that week, which will reduce the overall grade for the Small Group performances. It will be considered an Honor Code violation for a student to attend the Small Group session and fail to attend the following lecture without notifying Professor Daw and/or Professor Barake. It will also result in a 100% reduction in the professionalism portion of your grade (which would put passing the class in jeopardy), and will potentially produce an unsatisfactory grade for any student taking the class S/U.

As your presence is necessary for the demonstrations, any absence will need to be planned for, accordingly, you must advise Professor Barake & Professor Daw, along with each member of your small group and the adjuncts teaching your small group that week, via email as soon as possible, even if you chose not to provide a reason for the absence. Failure to attend without providing notice will result in a "0" grade being given for the day and a 10% reduction in your professionalism grade. It will be weighed significantly in the grade provided to an S/U student. Obviously, sickness, death in the family, religious/culture holiday, etc. will be designated as excused absences without any effect on grades. We will consider other reasonable requests/reasons, which will be liberally granted. Many of you are on Advocacy teams. It is considered an excused absence if you are participating in a competition, except for the date of the final. It is not an excused absence for you to miss class to attend any form of a practice session.

There are 10 graded Small Group Sessions. Your "final" Small Group grade is the total of your daily scores divided by the number of classes attended. If you attend all 10 graded sessions, your final tally will be divided by 10 for your Small Group grade. Any unexcused absence will be counted as an attended class (i.e., if you attend 9 classes and fail to notify your class or Professor Daw of your absence for the 10th session, the total score will be divided by 10).

The final grade for the course will be based on your performance in the Small Group sessions, your performance on other assigned work, such as the observation paper, and your performance in the final jury trial. There is also a professionalism category which addresses such things as your attire, your preparedness, your compliance with class requirements, the manner in which you address judges when playing the role of an attorney in a simulated event, and your general overall professionalism. There will be no written final examination. The performances in the Small Group sessions will count for 50% of your final grade. Your performance in your final trial will count for 35% of your final grade. The court observation paper will count for 5% of your final grade. The final 10% of your final grade will be based upon your professionalism as observed by all adjuncts.

## 8. ADDITIONAL READING

There are a number of excellent references and texts you may refer to as a supplement to the assigned text. The following titles are on reserve in the library.

ABA Litigation Manual, Trial Bergman, Trial Advocacy in a Nutshell Jeans, Trial Advocacy Hegland, Trial and Practice Skills in a Nutshell McElhaney, Trial Notebook

## 9. GENERAL RULES

- A. You must be prepared each week to perform the required assignment and to act as a witness for the required assignment. You will be graded on your performance only; however, your professionalism grade will take into consideration whether you demonstrated a full understanding of the role of the witness you were portraying in the exercise. Not being fully prepared as a witness will be noted by the observing adjuncts and will reduce your professionalism grade. Also, inappropriate or obstructive behavior as a witness will reduce your professionalism grade.
- B. We will follow the Texas Rules of Evidence. Review the Rules as necessary before class and bring a copy of the Rules to class.
- C. The rules vary from jurisdiction to jurisdiction and from judge to judge on the proper way to question witnesses. In Harris County, most judges require examination of witnesses while seated at the counsel's table. In Federal Court in Houston, most judges require questioning from a podium. Some judges allow the attorney to walk around the courtroom while questioning. We will use all 3 methods. **Please check the daily assignment to determine whether questioning of the witness should be while seated, at a podium, or while walking around the courtroom.**
- D. Follow the ALL-OBJECT RULE. Everyone, except the witness, should object whenever there are legal grounds for doing so. Do not hold back for tactical reasons unless otherwise instructed. Failure to object during the Small Group session can be a factor in your Small Group grade.
- E. When objecting or otherwise addressing the judge, stand up immediately and remain standing until the judge rules on the objection or the exchange is completed. If the witness has given an adverse answer before you had time to object, remember to ask the court to strike the answer and to instruct the jury to disregard the answer. Not

standing when addressing the judge will be noted by the grading adjuncts and will reduce your professionalism grade.

- F. All objections should be addressed to the judge and should include a very brief statement of the reason for the objection. Do not argue unless you are invited to do so by the judge. If argument is requested, approach the bench (constructively unless instructed otherwise) to present your argument. Counsel should present their argument and responses to the judge and should not engage in discussion with each other.
- G. You should be prepared to conduct the examinations and other assigned exercises in their entirety, although usually you will be able to conduct only a portion. You usually will be expected to examine a witness or perform for 5-7 minutes. You will then be given a 2-3 minute critique where you will be able to ask questions. You will then go to video review. After video review, you will proceed to Coaches' Room. You will then return to the assigned room for your small group.
- H. Because of the nature of the class, it is necessary to use "volunteers" on 3 occasions to fulfill the roles of jurors and witnesses.

You are strongly encouraged to provide 2 "jurors" to make up a voir dire panel during the Small Group sessions for **April 6**. Please make arrangements well in advance of these dates so there will be no issues, as the success of these 2 classes depends on the participation of "jurors". If you are unable to procure jurors, please notify Professor Barake and Professor Daw via email by 3:00 pm on the Monday before class. If you do not notify Professor Barake and Professor Daw by the required time, your professionalism grade will be reduced by 10%.

You and your final trial partner, when applicable, will be required to provide 2 individuals to play the parts of the witnesses your team presents for the final trial. As the final trial should be a "team event", you will likely each be individually responsible for only 1 witness. (One or more students may be required to conduct the final trial "solo". If that occurs, the students are obligated to provide both witnesses. One person can play both roles, but it is not advised.)

The "B" attorney will then direct Detective Lowrey, and the "A" attorney will conduct a three-minute cross of Detective Lowrey. The critiques will then occur. Both attorneys then go to video review. If there is an odd number of students, the last session should be conducted with three attorneys so that all do a direct and a cross before being released for video review.

Despite two “tasks”, because of time constraints, the critique will be only one suggestion for improvement and one positive reinforcement per adjunct.
