

1. *Instructions*

During the Property Law examination if you think you have found a problem, inconsistency, lack of a selectable answer, or some other issue with a **multiple choice question** (“Issue”) please note the multiple choice question number on the form below.

Regardless of the Issue, it is in your interest to mark a selection for every multiple choice question presented because the total number of correctly marked questions determines one’s score and there is no penalty for wrong answers. Thus, guessing is better than non-marking.

Immediately after time is called about five minutes will be allocated where students may refer to the multiple choice questions to complete a brief explanation on the form below. The form contemplates that no one student will submit more than four questions with Issues, but if more space is needed, please use the back side of this form.

Do not identify yourself on this form in any way
