DEAN’S MESSAGE

The power of a legal education is seen in the skills and knowledge acquired to facilitate the creative process, whether involving words written on a page or software programs controlling a global communications network. Explosive developments in technology and commerce are continuously transforming the laws of intellectual property and information law.

The time is right to learn from the best, and the place to do that is here at the University of Houston Law Center. Our Intellectual Property & Information Law Institute is consistently ranked in the nation’s Top 10, according to U.S. News & World Report, and is known throughout the world for the strength of its faculty, scholarship, curriculum, and graduates. Students at the Law Center learn against the backdrop of Houston, the nation’s fourth largest city, and benefit from the wealth of intellectual capital in the area as the region thrives as an epicenter of business — domestically and in the global marketplace.

Whether your interest lies in traditional areas of intellectual property law — patent, copyright, trademark, trade secret — or the rapidly evolving field of information law — internet, software, electronic commerce, databases — IPIL/HOUSTON has what it takes to help you realize your goal of a successful career in this growing field.

Please spend a few minutes reading about all we have to offer and then come join us.

Leonard M. Baynes
DEAN, PROFESSOR OF LAW, 
AND MEMBER, 
IPIL AFFILIATED FACULTY
A LEARNING CENTER AT AN INTERNATIONAL CROSSROADS

AS PART OF THE UH LAW CENTER, accredited by the American Bar Association, the Institute for Intellectual Property & Information Law (IPIL) is located in one of the largest and most diverse metropolitan areas in the United States. Houston is among the top five markets in the United States for intellectual property and information law, with thousands of these specialists working in corporations, law firms, and universities. Indeed, the Houston Intellectual Property Law Association is among the most influential IP bar organizations in the country, boasting many leaders of national IP groups along with its active amicus and continuing legal education activities.

In addition to world-class law firms serving clients from Houston to Hong Kong and from Silicon Valley to Singapore, Houston hosts numerous multinational corporations and organizations that generate intellectual property: ExxonMobil, Shell, NASA, many information technology companies, and the distinguished institutions of the Texas Medical Center are just a few. UH’s strong presence in the region produces significant research opportunities for faculty and students alike.
APPROXIMATELY THREE DOZEN IPIL-RELATED COURSES ARE OFFERED REGULARLY at the UH Law Center. All of these courses meet the degree requirements for the Doctor of Jurisprudence (J.D.) degree, and most apply to the Master of Laws (LL.M.) degree in intellectual property and information law.

J.D. PROGRAM
The UH Law Center offers both full-time and part-time programs leading to the J.D. degree. J.D. candidates must complete 90 credit hours and may select intellectual property and information law courses that reflect their individual interests. Students interested in applying to the J.D. Program should contact the Office of Admissions for an application at 713.743.2280 or lawadmissions@uh.edu.

LL.M. PROGRAM
The LL.M. Program provides an academic environment for practicing lawyers who wish to expand their knowledge of intellectual property and information law. Only a limited number of candidates are accepted for full-time or part-time studies, and admission is highly competitive. Applicants from the United States must hold a J.D. degree from a law school accredited by the American Bar Association. Lawyers who hold law degrees from foreign countries must meet academic and English-language standards for admission.

LL.M. candidates must complete 24 credit hours of approved courses (including a minimum of 15 credit hours of IPIL courses), with a qualifying cumulative grade point average. An optional thesis is available. Class scheduling and availability vary from year to year. Most IPIL courses are offered in the fall and spring semesters. Generally, IPIL courses are not available in the summer. For Law Center J.D. students, a joint J.D./LL.M. program is available. Thesis supervision occurs during the fall and spring semesters only. For details about the LL.M. Program, visit www.law.uh.edu/llm.

VISITING STUDENTS
Second- and third-year law students in good standing at an ABA-accredited law school are eligible to spend one or two semesters at the UH Law Center and to enroll in its IPIL curriculum as well as other upper-division courses. Participants are accorded “visiting” status and receive their law degrees from their home schools. Students interested in visiting the UH Law Center should contact the Office of Admissions at 713.743.2280 or lawadmissions@uh.edu.

TRANSFER APPLICANTS
Students also have the option of applying for transfer to the Law Center. Transfer admissions are highly competitive. First consideration is given to applicants who have performed extremely well in their first year of law school. Applicants must have completed all or most of the Law Center’s first-year required courses. Successful applicants must have a minimum number of semester hours to apply and may transfer a maximum number of semester hours of credit, with hours rather than grades to be noted on their final UH Law Center transcripts. Other intake conditions apply. Students interested in transferring to the UH Law Center, and learning the detailed intake conditions such as the minimum and maximum intake transfer hours, should contact the Office of Admissions at 713.743.2280 or lawadmissions@uh.edu.
